

JUSTIN IRWIN

FOR PRESIDENT 2028

INDEPENDENT

They broke the system. I'm here to fix it.

MY MAIN PUSH

THE GREAT RECALL (Reconstitution)

"The Time for Half-Measures Is Over"

Article V does not require the President's permission. It cannot be vetoed by Congress. It cannot be stopped by any court. It requires 34 state legislatures to call a convention and 38 states to ratify. The Reconstitution is already written: a complete structural blueprint that permanently abolishes the Federal Reserve, ends congressional self-dealing, removes the donor class from the legislative process, and restores sovereign power to the people.
